REPLACEMENT AMENDMENT AFTER FINAL REJECTION

Introductory Comments

The same substantive response was filed yesterday 11 September 2007 but close to the midnight deadline. The undersigned attorney realized after the EFS filing receipt was generated that the filing date was 12 September 2007 (minutes after midnight). Thus a one month extension was required but not requested. This amendment replaces the earlier amendment and requests granting of the required one month extension and authorizes payment for the extension fee. Otherwise, this amendment is identical in substance to the amendment earlier filed without the petition for extension of time to respond.

In response to the Final Office Action mailed 11 September 2007, please enter the following amendments and consider the following remarks.
